ACKNOWLEDGEMENT

I am trained and certified to perform leakage testing for residential energy efficiency. I attest that I am not affiliated with a builder or construction company and that I perform diagnostic testing (blower door, duct blaster) as an independent third-party agent. I understand that the City of Houston will confirm my status as a rater through my provider.

I acknowledge that the City requires only leakage testing for new residences. I understand there is no requirement to rate the entire structure but only to perform the duct blaster and/or blower door tests as applicable for the energy code compliance method used. Results shall be provided with volume calculations, targets, and actual performance.
